BroadbandUSA Federal Funding Guide

Fiscal Year 2023

Updated: May 2023

This guide includes the same information that is found on NTIA's Federal Funding site, updated with the support of participating agencies, to make it easier for providers and communities to find federal funding and permitting information. Funding opportunities include direct grants, loans, indirect support, and discounts for industry, state and local governments, schools, libraries, small businesses, and other community institutions that are interested in expanding and improving broadband access. Additional programs will be added as provided by agencies.

Appalachian Regional Commission

FY23 BroadbandUSA Federal Funding Site Update

Department: Appalachian Regional Commission

1	**Federal Agency/Bureau**	Appalachian Regional Commission (ARC)
2	**Program Name**	Area Development
3	**Authorizing Legislation**	Appalachian Regional Development Act (ARDA)
4	**Program Overview**	Each year ARC provides funding for several hundred investments in the Appalachian Region, in areas such as business development, education and job training, infrastructure (including broadband), community development, and transportation. These projects create thousands of new jobs, improve local water and sewer systems, increase school readiness, assist local communities with strategic planning, and provide technical and managerial assistance to emerging businesses.
5	**CFDA**	23.002
6	**Program Website**	https://www.arc.gov/
7	**Type of funding**	☐ Discretionary ☐ Subsidy ☒ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not Applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Applications can be submitted throughout the year although states may have specific requirements.
12	**FY2023 Appropriations Amount**	Total Amount:$302 Million Amount Available Towards Broadband (if specified):

13	**Matching Requirement**	☒ Yes If yes, what is the matching requirement: Yes. 20% to 80%, determined by the economic status of project area: https://www.arc.gov/classifying-economic-distress-in-appalachian-counties/ ☐ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	ARC funding may be used in place of non-federal match for BEAD funding. ARPA funding may be used as match for ARC funding
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☒ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc):
16	**Speed/Technical Requirement for Broadband Infrastructure**	Varies by State
17	**Eligible Recipients (check all that apply)**	☒ Libraries ☒ K-12 Schools ☒ Higher Education Institutions ☒ State Government ☒ Local Government ☒ Territorial Governments ☒ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☒ Public Safety Entities ☒ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☒ Non-Profit Organizations ☒ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	Eligible recipients must be publicly owned entities, non-profit entities, or a competitively-selected private partnership that includes publicly owned entities or non-profit entities.
19	**Grant Beneficiaries (if different from eligible recipients)**	Project must take place within the defined boundaries of the Appalachian Region: https://www.arc.gov/appalachian-counties-served-by-arc/
20	**Programmatic Resources**	Information available on website or by contacting state ARC program manager.

21	**Reporting Requirements**	Not Applicable
22	**Publicly-available programmatic data**	Information available on website or by contacting state ARC program manager
23	**Contact information**	1666 Connecticut Avenue, NW, Suite 700, Washington, DC 20009-1068 Telephone: (202) 884-7700 Email: info@arc.gov. For questions on specific topic areas, please refer to the contacts listed on the ARC Offices and Staff page.
24	**Additional Information**	As per ARC's federal-state partnership model, funding via ARC's Area Development is first generated at the state level in each of the Region's 13 states. Potential applicants are encouraged to contact their ARC State Program Managers (contact info available at www.arc.gov). Note that the funding amount includes $23.3M that must be spent on broadband and the remainder of the funding will be used for a wide variety of projects.
25	**Updated**	March 2023

FY23 BroadbandUSA Federal Funding Site Update

Department: Appalachian Regional Commission

1	**Federal Agency/Bureau**	Appalachian Regional Commission
2	**Program Name**	POWER
3	**Authorizing Legislation**	Appalachian Regional Development Act (ARDA)
4	**Program Overview**	POWER is a congressionally-funded initiative that targets federal resources to help communities and regions that have been affected by job losses in coal mining, coal power plant operations, and coal-related supply chain industries due to the changing economics of America's energy production. Within the POWER Initiative, 1/3 of funding is specifically available for broadband-related projects.
5	**CFDA**	23.002
6	**Program Website**	https://www.arc.gov/power
7	**Type of funding**	☒ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	https://www.arc.gov/power-how-to-apply/
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	POWER runs on an annual application cycle with this year's Letters of Intent due April 4, 2022 and Applications due April 29, 2022.
12	**FY2023 Appropriations Amount**	Total Amount:$65 million Amount Available Towards Broadband (if specified): $21.6 million
13	**Matching Requirement**	☒ Yes

		If yes, what is the matching requirement: Yes. 20% to 80%, determined by the economic status of project area: https://www.arc.gov/classifying-economic-distress-in-appalachian-counties/ ☐ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	ARC funding may be used in place of non-federal match for BEAD funding. ARPA funding may be used as match for ARC funding.
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☒ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc):
16	**Speed/Technical Requirement for Broadband Infrastructure**	Fiber networks must deliver 100/100 Mbps service for businesses and 50/10 Mbps service for households. Fixed wireless networks must deliver 25/3 Mbps service.
17	**Eligible Recipients (check all that apply)**	☒ Libraries ☒ K-12 Schools ☒ Higher Education Institutions ☒ State Government ☒ Local Government ☒ Territorial Governments ☒ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☒ Public Safety Entities ☒ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☒ Non-Profit Organizations ☒ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	Eligible recipients must be publicly owned entities, non-profit entities, or a competitively-selected private partnership that includes publicly owned entities or non-profit entities.
19	**Grant Beneficiaries (if different from eligible recipients)**	Not Applicable
20	**Programmatic Resources**	Information available on website or by contacting state ARC program manager.

21	**Reporting Requirements**	Not Applicable
22	**Publicly-available programmatic data**	Information available on website or by contacting state ARC program manager.
23	**Contact information**	1666 Connecticut Avenue, NW, Suite 700, Washington, DC 20009-1068 Telephone: (202) 884-7700 Email: info@arc.gov For questions on specific topic areas, please refer to the contacts listed on the ARC Offices and Staff page.
24	**Additional Information**	Projects must benefit communities that have been impacted by the downturn of the coal economy. If you have questions on eligibility, please reach out to your state ARC program manager (contact information found here: https://www.arc.gov/appalachian-states/).
25	**Updated**	March 2023

Delta Regional Authority

FY23 BroadbandUSA Federal Funding Site Update

Department: Delta Regional Authority

1	**Federal Agency/Bureau**	Delta Regional Authority
2	**Program Name**	Community Infrastructure Fund
3	**Authorizing Legislation**	Not Applicable
4	**Program Overview**	The Community Infrastructure Fund was created to target physical infrastructure projects that help build safer, more resilient communities in the Delta region. The three areas of investment through this program target basic public infrastructure, transportation infrastructure, and flood control project centered around economic development.
5	**CFDA**	90.200
6	**Program Website**	https://dra.gov/programs/critical-infrastructure/community-infrastructure-fund/
7	**Type of funding**	☒ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Funding.dra.gov
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☒Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Rolling deadline
12	**FY2023 Appropriations Amount**	Total Amount:$29,515,600 Amount Available Towards Broadband (if specified):
13	**Matching Requirement**	☐ Yes

		If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	Not Applicable
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☐ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): Telehealth
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☒ Higher Education Institutions ☒ State Government ☒ Local Government ☐ Territorial Governments ☒ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☒ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☒ Non-Profit Organizations ☒ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	Not Applicable
19	**Grant Beneficiaries (if different from eligible recipients)**	Not Applicable
20	**Programmatic Resources**	Not Applicable
21	**Reporting Requirements**	Not Applicable

22	**Publicly-available programmatic data**	https://dra.gov/programs/critical-infrastructure/community-infrastructure-fund/
23	**Contact information**	Amanda Allen at aallen@dra.gov or 662-483-8203
24	**Additional Information**	For more information and to apply for DRA funding, please contact your Local Development District. https://dra.gov/funding-programs-states-economic-development/local-development-districts2/
25	**Updated**	April 2023

FY23 BroadbandUSA Federal Funding Site Update

Department: Delta Regional Authority

1	**Federal Agency/Bureau**	Delta Regional Authority
2	**Program Name**	States Economic Development Assistance Program
3	**Authorizing Legislation**	Not Applicable
4	**Program Overview**	States' Economic Development Assistance Program (SEDAP) is a competitive grant program designed to support economic development activities across the Mississippi River Delta and Alabama Black Belt regions. SEDAP addresses the DRA's congressionally mandated four funding priorities: basic public infrastructure, transportation infrastructure, workforce development, and business development.
5	**CFDA**	90.200
6	**Program Website**	https://dra.gov/programs/critical-infrastructure/sedap/
7	**Type of funding**	☒ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Funding.dra.gov
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☒Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Funding cycle opens Spring 2023. The application deadline is Summer 2023.
12	**FY2023 Appropriations Amount**	Total Amount:$16,814,154 Amount Available Towards Broadband (if specified):
13	**Matching Requirement**	☐ Yes

		If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	Not Applicable
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): Telehealth
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable

Department of Agriculture

FY23 BroadbandUSA Federal Funding Site Update

Department: United States Department of Agriculture

1	**Federal Agency/Bureau**	Rural Utilities Service
2	**Program Name**	Broadband Technical Assistance (BTA)
3	**Authorizing Legislation**	The Rural eConnectivity Program (ReConnect) is authorized under 7 U.S.C. 1981(b)(4), 7 U.S.C. 901 et seq., 7 U.S.C. 950aaa et seq., and 7 U.S.C. 950cc and provided funding for broadband technical assistance. The current funding opportunity will use technical assistance funds appropriated under the Infrastructure Investment and Jobs Act (IIJA) (Pub. L. 117-58).
4	**Program Overview**	BTA provides financial assistance through cooperative agreements to eligible entities to receive or deliver broadband technical assistance and training and supports the development and expansion of broadband cooperatives.
5	**CFDA**	10.752
6	**Program Website**	https://www.rd.usda.gov/programs-services/telecommunications-programs/broadband-technical-assistance-program
7	**Type of funding**	☒ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	FOA: https://www.govinfo.gov/content/pkg/FR-2023-04-19/pdf/2023-08233.pdf Grants.gov: https://www.grants.gov/web/grants/view-opportunity.html?oppId=347579
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☒ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Deadline for applications is June 20, 2023, no later than 11:59 P.M. Eastern Time
12	**FY2023 Appropriations Amount**	Total Amount:$10,440,000

		Amount Available Towards Broadband (if specified):
13	**Matching Requirement**	☐ Yes If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	BTA may not be used as a match to other federal programs. BTA may funded broadband technical assistance activites ultimately funded by another federal award.
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☒ Planning (e.g., feasibility, data collection, mapping) ☐ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☐ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☐ Other: (e.g. Research and/or Evaluation, Telehealth, etc):
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☒ Libraries ☒ K-12 Schools ☒ Higher Education Institutions ☒ State Government ☒ Local Government ☒ Territorial Governments ☒ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☒ Public Safety Entities ☒ Healthcare Facilities ☒ For-Profit Organizations (including Internet Service Providers) ☒ Non-Profit Organizations ☒ Electric Utilities/Co-ops ☒ Financial Institutions ☐ Individuals/Households ☒ Other: Cooperatives
18	**Criteria for Eligible Recipients**	For a project to be eligible to receive federal funds from the BTA program, it must promote broadband expansion into a rural community.
19	**Grant Beneficiaries (if different from eligible recipients)**	Not Applicable
20	**Programmatic Resources**	Application Resources: https://www.rd.usda.gov/programs-services/telecommunications-programs/broadband-technical-assistance-program#to-apply

21	**Reporting Requirements**	Reporting Requirements can be found in the FR Notice at: https://www.federalregister.gov/documents/2023/04/19/2023-08233/funding-opportunity-announcement-for-the-broadband-technical-assistance-for-fiscal-year-2023
22	**Publicly-available programmatic data**	N/A
23	**Contact information**	To submit questions to RUS staff regarding the BTA, please complete the form available at www.usda.gov/reconnect/contact-us. For questions about Broadband Technical Assistance, you may also contact one of our General Field Representatives (GFR). To find a GFR, visit our GFR Contact Map.

25	**Updated**	April 2023

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of Agriculture

1	**Federal Agency/Bureau**	Rural Utilities Service
2	**Program Name**	Community Connect Grant Program
3	**Authorizing Legislation**	Title III, Pub. L. 108-109, 118 118 Stat. 3.
4	**Program Overview**	The Community Connect program helps fund broadband deployment in rural communities where it is not yet economically viable for private-sector providers to deliver service. The grants offer financial assistance to eligible service providers that will construct, improve, or expand broadband networks in rural areas.
5	**CFDA**	10.863
6	**Program Website**	https://www.rd.usda.gov/programs-services/telecommunications-programs/community-connect-grants
7	**Type of funding**	☒ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not Applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☒Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Not Applicable
12	**FY2023 Appropriations Amount**	Total Amount:$82,000,000 Amount Available Towards Broadband (if specified):
13	**Matching Requirement**	☒ Yes

		If yes, what is the matching requirement: 15 percent ☐ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	This program cannot be used as a match to other federal programs.
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): Distance Learning and Telehealth
16	**Speed/Technical Requirement for Broadband Infrastructure**	The minimum Broadband Grant Speed is set in the Funding Opportunity Announcement.
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☐ Higher Education Institutions ☒ State Government ☒ Local Government ☒ Territorial Governments ☒ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Healthcare Facilities ☒ For-Profit Organizations (including Internet Service Providers) ☒ Non-Profit Organizations ☒ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	The applicant must define a contiguous geographic area, located entirely within a rural area, in which broadband service does not exist. Rural Area refers to any area, as confirmed by the most recent decennial Census of the United States, which is not located within a city, town, or incorporated area that has a population of greater than 20,000 inhabitants; or an urbanized area contiguous and adjacent to a city or town that has a population of greater than 50,000 inhabitants
19	**Grant Beneficiaries (if different from eligible recipients)**	The residents and businesses within the proposed funded service area receive broadband at the Funding Opportunity Announcement's Broadband Grant Speed. The proposed funded service area must include a community center with free broadband and provide free broadband to Essential Community Facilities for two years.
20	**Programmatic Resources**	Telecommunications Program Funded Service Map: https://ruraldevelopment.maps.arcgis.com/apps/webappviewer/index.html?id=93ba783edf5b407c9641b2f8653e8c1d

21	**Reporting Requirements**	Additional requirements, including required reporting by grant awardees, can found in the program's regulation, 7 CFR 1739, and on the program's website, https://www.rd.usda.gov/programs-services/telecommunications-programs/community-connect-grants.
22	**Publicly-available programmatic data**	Telecommunications Program Funded Service Map: https://ruraldevelopment.maps.arcgis.com/apps/webappviewer/index.html?id=93ba783edf5b407c9641b2f8653e8c1d
23	**Contact information**	For questions about the Community Connect Grant Program, please email Community.Connect@usda.gov or call the Loan Origination and Approval Division at (202) 720-0800.

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of Agriculture

1	**Federal Agency/Bureau**	Rural Housing Service
2	**Program Name**	Community Facilities (CF) Direct Loan and Grant Program
3	**Authorizing Legislation**	Consolidated Farm and Rural Development Act (7 U.S.C. 1926(a)(1) and 7 U.S.C 1926 (a)(19))
4	**Program Overview**	This program provides affordable funding to develop essential community facilities in rural areas. An essential community facility is defined as a facility that provides an essential service to the local community for the orderly development of the community in a primarily rural area, and does not include private, commercial or business undertakings.
5	**CFDA**	10.766
6	**Program Website**	https://www.rd.usda.gov/programs-services/community-facilities-direct-loan-grant-program
7	**Type of funding**	☒ Discretionary ☒ Subsidy ☐ Formula ☒ Loan or loan guarantee ☒ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount): Loan and Grant Combinations
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not Applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☒Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Applications are accepted year-round.
12	**FY2023 Appropriations Amount**	Total Amount:$2,800,000,000 CF Direct Loans and $25,300,000 CF Grants Amount Available Towards Broadband (if specified):

13	**Matching Requirement**	☒ Yes If yes, what is the matching requirement: Dependent on population and median household income. ☐ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	Community Facilities (CF) Direct Loan and Grants allow for other Federal funds to meet cost-sharing or matching funds requirements if allowable by the other Federal program. Likewise, CF funding may be used as complementary funding or "matching funds" for other Federal programs, if allowable by the other Federal program.
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☐ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): Telehealth equipment
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☒ Libraries ☒ K-12 Schools ☒ Higher Education Institutions ☐ State Government ☒ Local Government ☒ Territorial Governments ☒ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☒ Public Safety Entities ☒ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☒ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	Eligible borrowers and grantees include public bodies, non-profits, and Federally-recognized Tribes. Eligible facilities must be located in rural areas with a population of 20,000 or fewer inhabitants. See 7 CFR Part 1942, Subpart A and 7 CFR Part 3570, Subpart A for additional requirements.
19	**Grant Beneficiaries (if different from eligible recipients)**	Eligible grant recipients must be located in a rural area with a population of 20,000 or fewer inhabitants and a project service area with median household income (MHI) of 90 percent or less of statewide nonmetropolitan MHI. Grant assistance is provided on a graduated scale. Smaller communities with the lowest MHI will be eligible for projects with a higher proportion of grant funds, up to 75 percent of total project costs.

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of Agriculture

1	**Federal Agency/Bureau**	Rural Business-Cooperative Service
2	**Program Name**	Rural Economic Development Loan and Grant Program (REDLG)
3	**Authorizing Legislation**	Rural Electronification Act of 1936
4	**Program Overview**	The Rural Economic Development Loan and Grant program provides funding for rural projects through local utility organizations. USDA provides zero-interest loans to local utilities which they, in turn, pass through to local businesses (ultimate recipients) for projects that will create and retain employment in rural areas. The ultimate recipients repay the lending utility directly. The utility is responsible for repayment to USDA.
5	**CFDA**	10.854
6	**Program Website**	https://www.rd.usda.gov/programs-services/rural-economic-development-loan-grant-program
7	**Type of funding**	☒ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):

1	**Federal Agency/Bureau**	U.S. Department of Commerce/Economic Development Administration
2	**Program Name**	FY 2023 EDA Public Works and Economic Adjustment Assistance Programs
3	**Authorizing Legislation**	Public Works and Economic Development Act of 1965, as amended (42 U.S.C. § 3121et seq.).
4	**Program Overview**	EDA has published a new Fiscal Year (FY) 2023 Public Works and Economic Adjustment Assistance (PWEAA) Notice of Funding Opportunity (NOFO). The FY23 PWEAA NOFO outlines application submission requirements and review procedures for applications received under EDA's Public Works and Economic Adjustment Assistance (EAA) programs. The Public Works program provides resources to meet the construction and/or infrastructure design needs of communities to enable them to become more economically competitive. Supported activities under EDA's EAA program include construction and non-construction such as construction or upgrading of public infrastructure, sectoral partnerships for workforce training, design and engineering, technical assistance, economic recovery strategies, and capitalization or re-capitalization of Revolving Loan Funds (RLF).
5	**CFDA**	11.300 -- Investments for Public Works and Economic Development Facilities and 11.307 -- Economic Adjustment Assistance
6	**Program Website**	https://www.eda.gov/funding
7	**Type of funding**	☒ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	https://www.grants.gov/web/grants/view-opportunity.html?oppId=346815

9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☒ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	There are no application deadlines under this NOFO. Applications are accepted on a rolling basis subject to the availability of funds or until this NOFO is amended or a new PWEAA NOFO is published. EDA may cancel, modify, or withdraw this NOFO at any time.
12	**FY2023 Appropriations Amount**	Total Amount: $121.5 million for the Public Works program; $39.5 million for the EAA program; $48.0 million for ACC; $16.5 million for NCC; $4.5 million for BCC Amount Available Towards Broadband (if specified):
13	**Matching Requirement**	☒ Yes If yes, what is the matching requirement: ☐ No ☒ Other (i.e. if match is beneficial to an application but not required): With limited exceptions, cost share is required for projects funded under this NOFO. Generally, the EDA investment rate (percentage of the total project costs) will be 50 percent, but EDA may fund up to 80percent of total project costs based on the relative needs of the region.
14	**Complementary Federal Funding Option**	Funds from other federal financial assistance awards may be considered matching share funds only if authorized by statute, which may be determined by EDA's reasonable interpretation of the statute. Additional documentation may be requested by EDA to substantiate the availability of the matching funds.
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☒ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☐ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc):
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☒ Higher Education Institutions ☒ State Government ☐ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers)

		☒ Local Government ☒ Territorial Governments ☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☒ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	In order to be eligible for funding under this NOFO, an applicant must propose a project that meets EDA's distress criteria. Applicants must self-define the appropriate region geographically. The 14 geographic area comprising a region need not be contiguous or defined by political boundaries but should constitute a cohesive area capable of undertaking self-sustained economic development. Applicants must provide third-party data that clearly indicate that the relevant region is subject to one (or more) of the following economic distress criteria: (i) an unemployment rate that is, for the most recent 24-month period for which data are available, at least one percentage point greater than the national average unemployment rate; (ii) per capita income that is, for the most recent period for which data are available, 80 percent or less of the national average per capita income; or (iii) a "Special Need," as determined by EDA. Applicants may find EDA-funded tools useful in characterizing economic development need in their region. These can be found https://www.eda.gov/grantresources/tools/tools-for-economic-development.)

1	**Federal Agency/Bureau**	U.S. Department of Education, Office of Career, Technical, and Adult Education
2	**Program Name**	Adult Education State Grants
3	**Authorizing Legislation**	Workforce Innovation and Opportunity Act, Title II, Adult Education and Family Literacy Act
4	**Program Overview**	The Adult Education and Family Literacy State Grant program provides grants to eligible agencies to provide adult education and literacy services. These grants help adults (1) become literate and obtain the knowledge and skills necessary for employment and economic self-sufficiency; (2) obtain the education and skills that are necessary to become full partners in the educational development of their children and lead to sustainable improvements in the economic opportunities for their family; and (3) attain a secondary school diploma and transition to postsecondary education and training, including through career pathways. These grants also assist immigrants and other individuals who are English language learners in improving their reading, writing, speaking, and comprehension skills in English and mathematics and in acquiring an understanding of the American system of government, individual freedom, and the responsibilities of citizenship.

1	**Federal Agency/Bureau**	Department of Education
2	**Program Name**	Elementary and Secondary School Emergency Relief Fund (ESSER)
3	**Authorizing Legislation**	American Rescue Plan
4	**Program Overview**	On Thursday, March 11, 2021, the American Rescue Plan (ARP) Act was signed into law. It is an unprecedented $1.9 trillion package of assistance measures, including $122 billion for the ARP Elementary and Secondary School Emergency Relief (ARP ESSER) Fund. Funds are provided to State educational agencies and school districts to help safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic on the Nation's students.
5	**CFDA**	84.425D
6	**Program Website**	https://oese.ed.gov/offices/american-rescue-plan/american-rescue-plan-elementary-and-secondary-school-emergency-relief/
7	**Type of funding**	☐ Discretionary ☐ Subsidy ☒ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not Applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☒ Other (i.e. one-time funding): One-time Funding
10	**Important Dates (if applicable)**	Not Applicable

12	**FY2023 Appropriations Amount**	Total Amount:$0 Amount Available Towards Broadband (if specified): Not Specified
13	**Matching Requirement**	☐ Yes If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	Not Applicable
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☐ Other: (e.g. Research and/or Evaluation, Telehealth, etc):
16	**Speed/Technical Requirement for Broadband Infrastructure**	With respect to ESSER funding, providing internet connectivity to students is anallowable use of ESSER funds (see, e.g., section 2001(e)(2)(K) of the American RescuePlan Act of 2021 (ARP Act), stating that an allowable use of ARP ESSER funds includes"Purchasing educational technology (including hardware, software, and connectivity) forstudents who are served by the [LEA] that aids in regular and substantive educationalinteraction between students and their classroom instructors"). If an LEA pays a vendorto provide internet service to students and their families, the vendor may need to createthe infrastructure to be able to provide the internet service. Typically that infrastructure isowned by the vendor and is not subject to the specific Federal regulations on supplies,equipment, or capital improvements. However, if the purpose of an SEA or LEA'scontract with a vendor is to create the infrastructure (e.g. fiber optic cable) itself that theState or LEA would own, a contract with a vendor for the creation of the broadbandinfrastructure is subject to the Uniform Guidance rules on procurement, prior approvalfor capital expenditures, disposition, construction, and other relevant requirements in theUniform Guidance and other applicable regulations. For example, as noted in moredetail in FAQ B-6 when ESSER funds are used for construction, capital equipment orproperty acquired or improved with Federal funds must be appropriately insured and thegrantees must consult with the Department on disposition instructions in the event thatthe property or equipment is no longer needed for Federal programs. See, e.g., 2 CFR§§ 200.310-200.313.
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☐ Higher Education Institutions ☒ State Government ☐ Local Government ☐ Territorial Governments ☐ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☐ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions

		☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	A State must subgrant not less than 90 percent of its total ARP ESSER allocation to local educational agencies (LEAs).income, population size/density, limited to certain states.)
19	**Grant Beneficiaries (if different from eligible recipients)**	Not Applicable.

Department: Department of Education

1	**Federal Agency/Bureau**	Department of Education
2	**Program Name**	Governor's Emergency Education Relief Fund (GEER)
3	**Authorizing Legislation**	Coronavirus Aid, Relief, and Economic Security (CARES) Act & Coronavirus Responseand Relief Supplemental Appropriations (CRRSA) Act
4	**Program Overview**	In 2020, Congress set aside approximately $3 billion of the $30.75 billion allotted to the Education Stabilization Fund through the Coronavirus Aid, Relief, and Economic Security (CARES) Act for the Governor's Emergency Education Relief Fund (GEER) Fund. The Department awarded these grants to States (Governor's offices) based on a formula stipulated in the legislation: (1) 60% on the basis of the State's relative population of individuals aged 5 through 24. (2) 40% on the basis of the State's relative number of children counted under section 1124(c) of the Elementary and Secondary Education Act of 1965 (ESEA). The Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, 2021, was signed into law on December 27, 2020, and provided an additional $4,053,060,000 for the GEER Fund. The CRRSA Act provides that $1,303,060,000 of those funds be used to supplement the Governor's Emergency Education Relief Fund (GEER II Fund) awarded to each State with an approved GEER application under the CARES Act enacted on March 27, 2020.

15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☐ Other: (e.g. Research and/or Evaluation, Telehealth, etc):
16	**Speed/Technical Requirement for Broadband Infrastructure**	Construction is authorized under Title VII of the ESEA (Impact Aid) and therefore is anallowable use of GEER and ESSER funds under sections 18002(c)(3) and 18003(d)(1)of the CARES Act, sections 312(c)(3) and 313(d)(1) of the CRRSA Act, and section2001(e)(2) of the ARP Act. The broad Impact Aid definition of "construction" includesnew construction as well as remodeling, alterations, renovations, and repairs underwhich many activities related to COVID-19 would likely fall.[1] However, the Departmentdiscourages LEAs from using ESSER and GEER funds for new construction becausethis use of funds may limit an LEA's ability to support other essential needs or initiatives.Remodeling, renovation, and new construction are often time-consuming, which may notbe workable under the shorter timelines associated with ESSER and GEER funds.These types of activities are also subject to a number of additional Federalrequirements, as detailed below.While construction is generally allowable, it is theresponsibility of a Governor, SEA, LEA, or other subgrantee to assure that individualcosts: 1) comply with the Cost Principles in 2 CFR Part 200, subpart E (e.g., the costmust be "necessary and reasonable" (2 CFR §§ 200.403-200.404)); 2) meet the overallpurpose of the CARES Act, CRRSA Act, or ARP Act programs, which is "to prevent,prepare for, and respond to" COVID-19; and 3) are consistent with the proper andefficient administration of those programs.
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☐ Higher Education Institutions ☐ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers)

		☒ State Government ☐ Local Government ☐ Territorial Governments ☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	A Governor may provide subgrants to LEAs and IHEs within the State that have been "most significantly impacted by coronavirus" to support their ability to continue providing educational services to their students and to support the "on-going functionality" of these entities. In addition, a Governor may use GEER funds to provide support through a subgrant or a contract to other LEAs, IHEs, and education related entities that the Governor "deems essential" for carrying out emergency educational services, providing childcare and early childhood education, providing social and emotional support, and protecting education-related jobs. An "education-related entity" is a governmental, nonprofit, or for-profit entity within the State that provides services that support preschool, elementary, secondary, or higher education. For examples of such entities, see question A-4 in Frequently Asked Questions about the Governor's Emergency Education Relief Fund (GEER Fund) available at: https://oese.ed.gov/files/2020/07/FAQsGEER-Fund.pdf

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of Education

1	**Federal Agency/Bureau**	Department of Education
2	**Program Name**	American Rescue Plan Elementary and Secondary School Emergency Relief – Homeless Children and Youth (ARP-HCY)
3	**Authorizing Legislation**	American Rescue Plan, Section 2001(b)
4	**Program Overview**	On Thursday, March 11, 2021, President Biden signed the American Rescue Plan Act of 2021 (ARP) into law. In recognition of the extraordinary impacts of the COVID-19 pandemic on students experiencing homelessness, the ARP included an unprecedented $800 million to support the specific needs of homeless children and youth via the American Rescue Plan Elementary and Secondary School Emergency Relief – Homeless Children and Youth (ARP-HCY) Fund. State educational agencies and local educational agencies (LEAs) must use ARP-HCY funds to identify homeless children and youth, to provide homeless children and youth with wrap-around services to address the challenges of COVID-19, and to enable homeless children and youth to attend school and fully participate in school activities. The Department released ARP-HCY funds in two separate disbursements (ARP Homeless I and ARP Homeless II).

Department: Department of Education

1	**Federal Agency/Bureau**	Department of Education (ED)
2	**Program Name**	Improving Basic Programs Operated by Local Educational Agencies (Title I, Part A)
3	**Authorizing Legislation**	Elementary and Secondary Education Act of 1965 (ESEA)
4	**Program Overview**	Title I, Part A (Title I) of the ESEA provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children, particularly low-achieving children, meet challenging state academic standards. Federal funds are currently allocated through four statutory formulas that are based primarily on census poverty estimates and the cost of education in each State.
5	**CFDA**	84.010
6	**Program Website**	Improving Basic Programs Operated by Local Educational Agencies (ESEA Title I, Part A) - Office of Elementary and Secondary Education
7	**Type of funding**	☐ Discretionary ☐ Subsidy ☒ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not Applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Not Applicable
12	**FY2023 Appropriations Amount**	Total Amount: $18,386,802,000 Amount Available Towards Broadband (if specified): Not Applicable

13	**Matching Requirement**	☒ Yes If yes, what is the matching requirement: The ESEA requires an LEA to comply with the maintenance of effort requirements (MOE) in ESEA section 8521. These requirements stipulate that an LEA's expenditures of State and local funds in the preceding fiscal year on an aggregate or per-pupil basis must equal or exceed 90 percent of such expenditures in the second preceding fiscal year. If an LEA does not meet these requirements twice or more in a six-year period, the ESEA requires the SEA to reduce the LEA's Title I funding in the proportion by which the LEA did not maintain effort. ☐ No ☐ Other (i.e. if match is beneficial to an application but not required): *Other*
14	**Complementary Federal Funding Option**	As described in this ED letter, Title I funds (and other funds administered by ED) may be used to meet as matching funds for AmeriCorps programs.
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): Please refer to row 24 for information about how broadband may be incorporated into a Title I program.
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☐ Higher Education Institutions ☒ State Government ☒ Local Government ☐ Territorial Governments ☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☐ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	See program website in row 6.
19	**Grant Beneficiaries (if different from eligible recipients)**	Not Applicable

20	**Programmatic Resources**	See Program Website in Row 6
21	**Reporting Requirements**	See Program Website in Row 6
22	**Publicly-available programmatic data**	See program website in row 6 and https://eddataexpress.ed.gov/.
23	**Contact information**	Melissa Siry E-mail: Oese.titlei-a@ed.gov
24	**Additional Information**	Broadband related expenditures are allowable Title I costs in certain circumstances. The following paragraphs describe these circumstances. Generally, Title I can support broadband if the broadband is: (1) Used only by Title I participants (e.g., all students in a Title I schoolwide or students selected for services in a Title I targeted assistance school); (2) Designed to improve the academic achievement of low-achieving students served by Title I and the use aligns with the needs identified in a Title I school's schoolwide plan or the design of its targeted assistance program; (3) Involves necessary and reasonable costs; and (4) Installed consistent with the definition of "minor remodeling" in 34 CFR Part 77. The definition of minor remodeling means "minor alterations in a previously completed building. The term also includes the extension of utility lines, such as water and electricity, from points beyond the confines of the space in which the minor remodeling is undertaken but within the confines of the previously completed building. The term does not include building construction, structural alterations to buildings, building maintenance, or repairs. For example, a Title I schoolwide program school that identified a need to increase its students' access to advanced coursework might decide to use Title I funds to provide students with online access to advanced coursework. In serving Title I participants in a Title I program, a school district may only use Title I funds to add to ("supplement") the State and local funds that would be available for Title I students if the school did not get Title I funds. This requirement is met if each Title I school receives all of the State and local funds it would otherwise receive in the absence of its Title I funds, including all such funds necessary to provide a free public education. Generally, Title I funds may not be used to meet the general needs of all students in a school district, unless all schools are Title I schools operating a schoolwide program.

2	**Program Name**	Migrant Education Program – State Grants
3	**Authorizing Legislation**	Title I, Part C of the Elementary and Secondary Education Act (ESEA) of 1965, as amended
4	**Program Overview**	The goal of the Migrant Education Program (MEP) is to ensure that all migratory children reach challenging academic standards and graduate with a high school diploma or complete a high school equivalency program that prepares them for responsible citizenship, further learning, and productive employment. Funds support high quality education programs for migratory children and help ensure that migratory children who move among the States are not penalized by disparities among States in curriculum, graduation requirements, and State academic standards. Funds also ensure that migratory children not only are provided with appropriate instructional and/or support services that address their unique needs but also that such children receive full and appropriate opportunities to meet the same State academic standards that all children are expected to meet. Federal funds are allocated by formula to State educational agencies (SEAs) based on the three year average of the number of eligible migratory children, ages 3 through 21, residing within the state, the number of migratory children, ages 3 through 21, receiving summer services during the previous year, and each state's per pupil expenditure for education.

24	**Additional Information**	This is one of a number of Department programs that provides funds that may be used to support broadband access. The allowability of costs is always situation and program specific. For that reason, if you are considering using funds under one of these programs for costs related to broadband access, you must first ensure that the use of the funds is, under the specific circumstances of the expenditure and the program authority selected, reasonable and necessary for the purposes of that program, and does not violate other program requirements, such as supplement not supplant, if it applies to program. We also note that, while funds under one of these programs can be used on broadband access, the programs' purpose is not primarily focused on that issue. Additional website: https://results.ed.gov/

Department: Department of Education

1	**Federal Agency/Bureau**	Department of Education
2	**Program Name**	Magnet Schools Assistance Program
3	**Authorizing Legislation**	Every Student Succeds Act Sec. 4401
4	**Program Overview**	The Magnet Schools Assistance program provides grants to eligible local educational agencies to establish and operate magnet schools that are operated under a court-ordered or federally approved voluntary desegregation plan. These grants assist in the desegregation of public schools by supporting the elimination, reduction, and prevention of minority group isolation in elementary and secondary schools with substantial numbers of minority group students. In order to meet the statutory purposes of the program, projects also must support the development and implementation of magnet schools that assist in the achievement of systemic reforms and provide all students with the opportunity to meet challenging academic content and student academic achievement standards. Projects support the development and design of innovative education methods and practices that promote diversity and increase choices in public education programs. The program supports capacity development–the ability of a school to help all its students meet more challenging standards–through professional development and other activities that will enable the continued operation of the magnet schools at a high performance level after funding ends. Finally, the program supports the implementation of courses of instruction in magnet schools that strengthen students' knowledge of academic subjects and their grasp of tangible and marketable vocational skills.

24	**Additional Information**	This is one of a number of Department programs that provides funds that may be used to support broadband access. The allowability of costs is always situation and program specific. For that reason, if you decide to use funds under one of these programs for costs related to broadband access, you must be sure that the use of the funds is, under the specific circumstances of the expenditure and the program authority selected, reasonable and necessary for the purposes of that program, and does not violate other program requirements, such as supplement not supplant, if it applies to program. We also note that, while funds under one of these programs can be used on broadband access, the programs' purpose is not primarily focused on that issue. MSAP's uses of funds are fairly broadly defined in its authorizing legislation (20 U.S.C. 7231f), including for the "acquisition of books, materials and equipment, including computers and the maintenance and operation of materials, equipment and computers, necessary to conduct programs in magnet schools," (Section 4407(A)(2)). However, it also includes a Special Rule that limits the use of funds for these kinds of activities to those that "are directly related to improving student academic achievement based on the challenging State academic standards or directly related to improving student reading skills or knowledge of mathematics, science, history, geography, English, foreign languages, art, or music, or to improving career, technical, and professional skills," (Section 4407(B)). Therefore, any use of MSAP funds for broadband related activities

		have to be narrowly tailored to very specific populations and purpose in order to be permissible.

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of Education

1	**Federal Agency/Bureau**	Department of Education
2	**Program Name**	Rural, Low-Income School Program
3	**Authorizing Legislation**	Part B of Title V of the ESEA
4	**Program Overview**	The purpose of the Rural and Low-Income School (RLIS) grant program is to provide poor, rural districts with financial assistance to address the unique needs of rural school districts that frequently lack the personnel and resources needed to compete effectively for Federal competitive grants and receive formula grant allocations in amounts too small to be effective in meeting their intended purposes. The grant is non-competitive, and eligibility is determined by statute. Awards are issued annually to state educational agencies (SEAs), which make sub-grants to local educational agencies (LEAs) that meet the applicable requirements. Awards are made to all SEAs with eligible LEAs that apply and meet the applicable requirements of the act (see legislative citation above).
5	**CFDA**	84.358B
6	**Program Website**	https://oese.ed.gov/offices/office-of-formula-grants/rural-insular-native-achievement-programs/rural-education-achievement-program/rural-and-low-income-school-program/
7	**Type of funding**	☐ Discretionary ☐ Subsidy ☒ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not Applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Not Applicable

12	**FY2023 Appropriations Amount**	Total Amount:$107,500,000 Amount Available Towards Broadband (if specified):
13	**Matching Requirement**	☐ Yes If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	Not Applicable
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): Research and/or Evaluation
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☒ K-12 Schools ☐ Higher Education Institutions ☒ State Government ☒ Local Government ☐ Territorial Governments ☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☐ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	An LEA is eligible to participate in the RLIS program if it meets the statutory criteria of being both low-income and rural. To be considered low-income, 20 percent or more of the children ages five to 17 served by the LEA must be from families with incomes below the poverty line, based on data from the U.S. Census Bureau's Small Area Income and Poverty Estimates (SAIPE). Rural non-geographic LEAs for which SAIPE data are not available that are eligible based on the same State-derived equivalent of SAIPE data that the State uses to make allocations under Part A of Title I of the ESEA, consistent with 34 C.F.R. § 200.72, are also eligible for RLIS funds. To be considered rural, all schools comprising the LEA must have a school locale code of 32, 33, 41, 42, or 43 (assigned by NCES), or be located in an area of the State defined as rural by a governmental agency of the State .

19	**Grant Beneficiaries (if different from eligible recipients)**	Not Applicable
20	**Programmatic Resources**	Rural and Low-Income School Program - Office of Elementary and Secondary Education
21	**Reporting Requirements**	Not Applicable
22	**Publicly-available programmatic data**	RLIS Eligibility - Office of Elementary and Secondary Education, includes current and previous year REAP Master Eligibility Spreadsheets, which includes eligiblity and award information for States and individual LEAs.
23	**Contact information**	reap@ed.gov; 202-401-0039
24	**Additional Information**	This is one of a number of Department programs that provides funds that could be used to support broadband access. School districts may use Rural and Low-Income School funds to pay for activities that are allowable under Title I, Part A, Title II, Part A, Title III, and Title IV, Part A, as well as parental involvement activities. The allowability of costs is always situation and program specific. For that reason, if you decide to use funds under one of these programs for costs related to device or mobile hotspot access, you must be sure that the use of the funds is, under the specific circumstances of the expenditure and the program authority selected, reasonable and necessary for the purposes of that program, and does not violate other program requirements, such as the "supplement not supplant" requirement. We also note that, while funds under one of these programs can be used on broadband access, the programs' purpose is not primarily focused on that issue. The use of Rural and Low-Income School Program funds for broadband infrastructure must be consistent with the definition of "minor remodeling" in 34 CFR Part 77. That definition of minor remodeling means "minor alterations in a previously completed building. The term also includes the extension of utility lines, such as water and electricity, from points beyond the confines of the space in which the minor remodeling is undertaken but within the confines of the previously 20 completed building. The term does not include building construction, structural alterations to buildings, building maintenance, or repairs." Expenditures for construction are prohibited under this program.

9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Applications expected to open for SRSA-eligible LEAs between February – April, 2023

12	**FY2023 Appropriations Amount**	Total Amount:$107,500,000 Amount Available Towards Broadband (if specified):
13	**Matching Requirement**	☐ Yes If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required): *Other*
14	**Complementary Federal Funding Option**	Not Applicable
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): Research and/or Evaluation
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☒ K-12 Schools ☐ Higher Education Institutions ☐ State Government ☒ Local Government ☐ Territorial Governments ☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☐ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	An LEA is eligible to participate in the SRSA program if it meets the statutory criteria of being both small and rural. To be considered small, an LEA must have a total average daily attendance (ADA) of fewer than 600 students *or* exclusively serve schools that are located in counties with a population density of fewer than 10 persons per square mile. To be considered rural, all schools within the LEA must have a school locale code of 41, 42, or 43 (assigned by the Department's National Center for Education Statistics (NCES)) *or* be located in an area of the State defined as rural by a governmental agency of the State
19	**Grant Beneficiaries (if different from eligible recipients)**	Not Applicable

20	**Programmatic Resources**	Small, Rural School Achievement Program - Office of Elementary and Secondary Education
21	**Reporting Requirements**	Not Applicable
22	**Publicly-available programmatic data**	SRSA Eligibility - Office of Elementary and Secondary Education, includes current and previous year REAP Master Eligibility Spreadsheets, which includes eligiblity and award information for States and individual LEAs.
23	**Contact information**	REAP@ed.gov; (202) 401-0039
24	**Additional Information**	This is one of a number of Department programs that provides funds that could be used to support broadband access. School districts may use Small Rural School Achievement Program funds to pay for activities that are allowable under Title I, Part A; Title II, Part A; Title III; Title IV, Part A; and Title IV, Part B, as well as parental involvement activities. The allowability of costs is always situation and program specific. For that reason, if you decide to use funds under one of these programs for costs related to device or mobile hotspot access, you must be sure that the use of the funds is, under the specific circumstances of the expenditure and the program authority selected, reasonable and necessary for the purposes of that program, and does not violate other program requirements, such as the "supplement not supplant" requirement. We also note that, while funds under one of these programs can be used on broadband access, the programs' purpose is not primarily focused on that issue. The use of Small Rural School Achievement Program funds for broadband infrastructure must be consistent with the definition of "minor remodeling" in 34 CFR Part 77. That definition of minor remodeling means "minor alterations in a previously completed building. The term also includes the extension of utility lines, such as water and electricity, from points beyond the confines of the space in which the minor remodeling is undertaken but within the confines of the previously completed building. The term does not include building construction, structural alterations to buildings, building maintenance, or repairs." For more information, see the REAP Informational Document, which can be downloaded on the REAP website: REAP Resources - Office of Elementary and Secondary Education.

24	**Additional Information**	This is one of a number of Department programs that provides funds that could be used to support broadband access. The allowability of costs is always situation and program specific. For that reason, if you decide to use funds under one of these programs for costs related to device or mobile hotspot access, you must be sure that the use of the funds is, under the specific circumstances of the expenditure and the program authority selected, reasonable and necessary for the purposes of that program, and does not violate other program requirements, such as supplement not supplant, if it applies to program. We also note that, while funds under one of these programs can be used on broadband access, the programs' purpose is not primarily focused on that issue. The use of SSAE Program funds for broadband infrastructure must be consistent with the definition of "minor remodeling" in 34 CFR Part 77. That definition of minor remodeling means "minor alterations in a previously completed building. The term also includes the extension of utility lines, such as water and electricity, from points beyond the confines of the space in which the minor remodeling is undertaken but within the confines of the previously completed building. The term does not include building construction, structural alterations to buildings, building maintenance, or repairs." A Special Rule in the SSAE program states that no more than 15 percent of funds for activities to support the effective use of technology may be used "for purchasing technology infrastructure as described in subsection (a)(2)(B), which includes technology infrastructure purchased for the activities under subsection (a)(4)(A)." To clarify, LEAs or consortiums of LEAs may not spend more than 15 percent of funding in this content area on devices, equipment, software applications, platforms, digital instructional resources and/or other one-time IT purchases. (ESEA section 4109(b)). Expenditures for construction are prohibited under this program.

Department: Department of Education

1	**Federal Agency/Bureau**	Department of Education/Rehabilitation Services Administration
2	**Program Name**	State Supported Employment Services Program
3	**Authorizing Legislation**	Title VI of the Rehabilitation Act of 1973 as amended by Title IV of the Workforce Innovation and Opportunity Act
4	**Program Overview**	The State Supported Employment Services Program is authorized by Title VI of the Rehabilitation Act of 1973 (Rehabilitation Act), as amended by Title IV of the Workforce Innovation and Opportunity Act (WIOA). This program provides grants to assist States in developing and implementing collaborative programs with appropriate entities to provide supported employment services for individuals with the most significant disabilities, including youth with the most significant disabilities, who require supported employment services following the achievement of a supported employment outcome. Supported employment grant funds are used to supplement funds provided under the State VR Services Program to provide supported employment services. Program funds may be used to provide supported employment services, once an individual has been placed in supported employment, for up to 24 months and to supplement other VR services necessary to help individuals with the most significant disabilities find work in the integrated labor market.

Department: Department of Education

1	**Federal Agency/Bureau**	Department of Education
2	**Program Name**	State Vocational Rehabilitation Services Program
3	**Authorizing Legislation**	Rehabilitation Act of 1973 as amended by Title IV of the Workforce Innovation and Opportunity Act
4	**Program Overview**	The State Vocational Rehabilitation (VR) Services Program is authorized by the Rehabilitation Act of 1973 (Rehabilitation Act), as amended by Title IV of the Workforce Innovation and Opportunity Act (WIOA). This program provides grants to assist States in operating statewide VR programs, each of which is an integral part of a statewide workforce development system. State VR programs provide VR services for individuals with disabilities, consistent with their strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, so that they may prepare for and engage in competitive integrated employment or supported employment and achieve economic self-sufficiency.

Department of Housing and Urban Development

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of Housing and Urban Development

1	**Federal Agency/Bureau**	U.S. Department of Housing and Urban Development's (HUD) Community Planning and Development (CPD) Office
2	**Program Name**	Community Development Block Grant (CDBG) I Section 108 Loan Guarantee Program
3	**Authorizing Legislation**	Title I of the Housing and Community Development Act of 1974, as amended (42 U.S.C. 5301 et seq.)
4	**Program Overview**	The Section 108 Loan Guarantee Program (Section 108) provides Community Development Block Grant (CDBG) recipients with the ability to leverage their annual grant allocation to access low-cost, flexible financing for economic development, housing, public facility, and infrastructure projects. Section108 can be used for communities to upgrade their broadband infrastructure to create more 'connected' communities.
5	**CFDA**	14.218 Entitlement and Nonentitled Hawaiian County CDBG, 14.225 Insular Areas CDBG, and 14.228 State CDBG
6	**Program Website**	https://www.hudexchange.info/programs/section-108/
7	**Type of funding**	☐ Discretionary ☐ Subsidy ☐ Formula ☒ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	CDBG funding opportunities for broadband vary by local jurisdiction. The contact information for your local CDBG grantee can be found here: https://www.hudexchange.info/grantees/ Note: if you don't see your city or county listed, please reach out to your state CDBG grantee for more information about opportunities in rural and suburban areas.
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☒ Other (i.e. one-time funding): Annual Formula Allocation
10	**Important Dates (if applicable)**	Non-competitive, open year round

12	**FY2023 Appropriations Amount**	Total Amount:$300M Amount Available Towards Broadband (if specified): n/a, as sought by applicant
13	**Matching Requirement**	☐ Yes If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	Not Applicable
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☐ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☐ Other: (e.g. Research and/or Evaluation, Telehealth, etc):
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☐ Higher Education Institutions ☒ State Government ☒ Local Government ☒ Territorial Governments ☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☐ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other: States and local governments can share financing with designated public entities, nonprofits, etc. as a subrecipient. The proceeds from the loan can also be relend to third party borrowers.
18	**Criteria for Eligible Recipients**	Communities use CDBG funds for projects initiated and developed at the local level based on local needs, priorities, and benefits. Eligible activities include public facilities, infrastructure, housing, economic development, and planning. Each activity must also meet a National Objective of either: 1) benefitting low- and moderate-income persons; 2) eliminating slums or blight; or 3) addressing urgent needs for community health and safety

19	**Grant Beneficiaries (if different from eligible recipients)**	CDBG must principally benefit for low- and moderate-income persons
20	**Programmatic Resources**	https://www.hudexchange.info/programs/section-108/

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of Housing and Urban Development

1	**Federal Agency/Bureau**	Office of Public Housing Investments (OPHI), U.S. Department of Housing and Urban Development (HUD)
2	**Program Name**	Choice Neighborhoods
3	**Authorizing Legislation**	Annual Appropriations: FY2023 Consolidated Appropriations Act (P.L. 117-328)
4	**Program Overview**	The Choice Neighborhoods program leverages significant public and private dollars to support locally driven strategies that address struggling neighborhoods with severely distressed public and/or HUD- assisted housing through a comprehensive approach to neighborhood transformation. Local leaders, residents, and other stakeholders, such as public housing authorities, cities, schools, police, business owners, nonprofits, and private developers, come together to create and implement a plan that revitalizes distressed HUD housing and addresses the challenges in the surrounding neighborhood. The program helps communities transform neighborhoods by redeveloping severely distressed public and/or HUD- assisted housing and catalyzing critical improvements in the neighborhood. Choice Neighborhoods offers Planning Grants and Implementation Grants: • Planning Grants assist communities in developing a successful neighborhood transformation plan and building support necessary for that plan to be successfully implemented. • Implementation Grants support those communities that have undergone a comprehensive local planning process and are ready to implement their “Transformation Plan” to redevelop the neighborhood. As part of this neighborhood revitalization, Choice Neighborhoods strongly encourages grantees to increase broadband connectivity. Implementation grantees are required to build the infrastructure to support broadband internet in all new units. These grantees can also use a portion of their funds to install broadband in these units and for coordinating efforts to increase target housing resident’s access to internet, devices, and digital literacy.

1	**Federal Agency/Bureau**	Department of Housing and Urban Development
2	**Program Name**	Title VI Loan Guarantee
3	**Authorizing Legislation**	Native American Housing Assistance and Self Determination Act of 1996, as amended (25 U.S.C. 4101 et seq.)
4	**Program Overview**	The Title VI Housing Activities Loan Guarantee Program (Title VI) is an effective public investment tool that HUD offers to federally recognized tribes and Tribally Designated Housing Entities (TDHEs). It provides an additional source of financing for affordable tribal housing activities. Eligible activities include the following: Create new housing; Rehabilitate housing; Build infrastructure; Construct community facilities; Acquire land to be used for housing; Prepare architectural & engineering plans; Fund financing costs. The Title VI Loan Guarantee Program is authorized by the Native American Housing Assistance and Self Determination Act of 1996, as amended (25 U.S.C. 4101 et seq.), (NAHASDA), in accordance with the Code of Federal Regulations at 24 CFR Part 1000. NAHASDA and the regulations also authorize the Indian Housing Block Grant Program (IHBG). The requirements of NAHASDA and the regulations apply to all projects using Title VI financing

Department of Labor

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of Labor

1	**Federal Agency/Bureau**	Department of Labor / Employment and Training Administration
2	**Program Name**	Investments in Apprenticeship to Support the Telecommunications Workforce
3	**Authorizing Legislation**	Not Applicable
4	**Program Overview**	The Telecommunications Industry Registered Apprenticeship Program ("TIRAP") is a joint venture of telecommunications companies, industry associations and the U.S. Department of Labor that develops credentialed apprenticeship programs available to qualified employers for career development of the telecommunications workforce. The TIRAP's mission is to partner with stakeholders to promote safety, enhance quality, and enable education and advancement opportunities in the telecommunications workforce that will meet network infrastructure build out needs. In February 2020, the Wireless Infrastructure Association (WIA), the National Sponsor of TIRAP, was awarded a $5,997,096 grant under the Department of Labor's "Apprenticeship: Closing the Skills Gap" program. IN partnership with the Power & Communication Contractors Association (PCCA), the grant will be used to train a 5G workforce. Five institutions of higher education have already committed as technical partner schools. The nearly $6 million grant is supplemented by over $9 million in matching support from industry, including cash and in-kind contributions from WIA, PCCA, Ditch Witch, FS3, and participating employers, for a total commitment to apprenticeship of $15 million in a public-private partnership. The grant will provide the necessary funding to design curricula and deliver training to develop qualified applicants for placement in middle- to high-skilled jobs nationwide that will accelerate 5G deployment for America's 5G Apprenticeship Initiative. America's 5G Apprenticeship Initiative is engaging a consortium of public and private partners with 33 small and mid-sized employers committing to create over 5,500 new apprenticeships and pre-apprenticeships in this rapidly evolving sector. These industry-driven, competency-based apprenticeships will target veterans; transitioning service members; military spouses; women; people of color; unemployed, underemployed, and incumbent workers; and other underrepresented populations. In September 2020, ETA awarded a major contract to the Wireless Infrastructure Association (WIA) perform as the 5G Industry Intermediary to develop the wireless workforce. The objective of the funding is to expand the industry's multi-employer apprenticeship model to meet employers' occupational and skills development needs. The contract will enable WIA to assist employers in developing over 600 apprentices in the next year with multi-year options to renew thereafter. It also provides $400,000 per year in incentive funds for employers that adopt registered apprenticeship and serve under-represented populations.

5	**CFDA**	Not Applicable
6	**Program Website**	http://www.apprenticeship.gov(Department of Labor's website) https://wia.org/ The Wireless Infrastructure Association represents the companies that make up the wireless infrastructure ecosystem in the United States. Its members are the businesses that develop, build, own and operate that nation's wireless infrastructure. WIA member companies include wireless carriers, infrastructure providers, and professional services firms that collectively own and operate more than 135,000 telecommunications facilities around the globe. https://www.tirap.org/ Built by and for telecommunications employers, the Telecommunications Industry Registered Apprenticeship Program (TIRAP) is a competency-based apprenticeship aimed at growing the productivity of the workforce as directly as possible. TIRAP defines career paths in a growing number of critical occupations, including tower technicians, wireless technicians, and utilities workers, along with leads and foremen. By establishing on-the-job training as well as classroom learning, these apprenticeships help you onboard and upskill your workers. This leads to better efficiency and safety —plus higher employee engagement and retention.

Department of Treasury

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of the Treasury

1	**Federal Agency/Bureau**	Department of the Treasury
2	**Program Name**	Capital Projects Fund
3	**Authorizing Legislation**	American Rescue Plan Act of 2012
4	**Program Overview**	The Coronavirus Capital Projects Fund (Capital Projects Fund, CPF) will address many challenges laid bare by the pandemic, especially in rural America, Tribal communities, and low- and moderate-income communities, helping to ensure that all communities have access to the high-quality modern infrastructure, including broadband, needed to access critical services. The American Rescue Plan provides $10 billion for payments to eligible governments to carry out critical capital projects that directly enable work, education, and health monitoring, including remote options, in response to the public health emergency. The COVID-19 public health emergency revealed and continues to reinforce our understanding that communities without access to high-quality modern infrastructure, including broadband, face impediments to fully participating in aspects of daily life, such as remote work, telehealth, and distance learning. Treasury is launching the Capital Projects Fund to allow recipients to invest in capital assets that meet communities' critical needs in the short- and long-term, with a key emphasis on making funding available for broadband infrastructure. The Capital Projects Fund aims to: Directly support recovery from the COVID-19 public health emergency by strengthening and improving the infrastructure necessary for participation in work, education, and health monitoring that will last beyond the pandemic. Enable investments in capital assets designed to address inequities in access to critical services. Contribute to the Administration's goal of providing every American with the modern infrastructure necessary to access critical services, including a high-quality and affordable broadband internet connection. A key priority of this program is to make funding available for reliable, affordable broadband infrastructure and other digital connectivity technology projects. Recipients may also use funds for certain other capital projects, such as multi-purpose community facilities, that enable work, education, and healthcare monitoring, including remote options. The program encourages recipients to focus on economically distressed areas, support community empowerment, and adopt strong labor practices.

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of the Treasury

1	**Federal Agency/Bureau**	Community Development Financial Institutions Fund
2	**Program Name**	New Markets Tax Credit Program
3	**Authorizing Legislation**	Community Renewal and Tax Relief Act of 2000
4	**Program Overview**	Historically, low-income communities experience a lack of investment, as evidenced by vacant commercial properties, outdated manufacturing facilities, and inadequate access to education and healthcare service providers. The New Market Tax Credit Program (NMTC Program) aims to break this cycle of disinvestment by attracting the private investment necessary to reinvigorate struggling local economies. The NMTC Program attracts private capital into low-income communities by permitting individual and corporate investors to receive a tax credit against their federal income tax in exchange for making equity investments in specialized financial intermediaries called Community Development Entities (CDEs). The credit totals 39 percent of the original investment amount and is claimed over a period of seven years.
5	**CFDA**	Not applicable
6	**Program Website**	New Markets Tax Credit Program | Community Development Financial Institutions Fund (cdfifund.gov)
7	**Type of funding**	☐ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☒ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount): Tax credit
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☒ Other (i.e. one-time funding): Not applicable

10	**Important Dates (if applicable)**	Not applicable
12	**FY2023 Appropriations Amount**	Total Amount: $5,000,000,000 in tax credit authority Amount Available Towards Broadband (if specified): Not specified

Department: Department of the Treasury

1	**Federal Agency/Bureau**	Department of the Treasury
2	**Program Name**	American Rescue Plan Coronavirus State and Local Fiscal Recovery Funds
3	**Authorizing Legislation**	American Rescue Plan Act of 2021
4	**Program Overview**	The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program, a part of the American Rescue Plan, delivers $350 billion to state, local, and Tribal governments across the country to support their response to and recovery from the COVID-19 public health emergency. Recipients may use SLFRF funds to: respond to the far-reaching public health and negative economic impacts of the pandemic, by supporting the health of communities, and helping households, small businesses, impacted industries, nonprofits, and the public sector recover from economic impacts; provide premium pay for essential workers, offering additional support to those who have and will bear the greatest health risks because of their service in critical sectors; replace lost public sector revenue, using this funding to provide government services up to the amount of revenue lost due to the pandemic; and invest in water, sewer, and broadband infrastructure, making necessary investments to improve access to clean drinking water, to support vital wastewater and stormwater infrastructure, and to expand affordable access to broadband internet. The Coronavirus State and Local Fiscal Recovery Funds provide substantial flexibility for each jurisdiction to meet local needs within these four separate eligible use categories for a strong and equitable recovery.
5	**CFDA**	21.027

Department: Federal Communications Commission

1	**Federal Agency/Bureau**	Federal Communications Commission/Wireline Competition Bureau
2	**Program Name**	Affordable Connectivity Program
3	**Authorizing Legislation**	Infrastructure Investment and Jobs Act, Pub. L. No. 117-58 (2021), Division F, Broadband, Title V, Broadband Affordability, Section 60502, Broadband Affordability, of the Infrastructure Act. The statute as modified by the Infrastructure Act is codified at 47 U.S.C. § 1752, Benefit for broadband service.Infrastructure Investment and Jobs Act, Pub. L. No. 117-58 (2021), Division F, Broadband, Title V, Broadband Affordability, Section 60502, Broadband Affordability, of the Infrastructure Act. The statute as modified by the Infrastructure Act is codified at 47 U.S.C. § 1752, Benefit for broadband service.
4	**Program Overview**	The Affordable Connectivity Program is an FCC benefit program, which replaced and builds upon the FCC's Emergency Broadband Benefit Program, to help ensure that households can afford the broadband they need for work, school, healthcare, and more. The benefit provides a discount of up to $30 per month toward internet service for eligible households and up to $75 per month for households on qualifying Tribal lands. Eligible households can also receive a one-time discount of up to $100 to purchase a laptop, desktop computer, or tablet from participating providers if they contribute more than $10 and less than $50 toward the purchase price. The Affordable Connectivity Program benefit is limited to one monthly service discount and one device discount per household.

FY23 BroadbandUSA Federal Funding Site Update

Department: Federal Communications Commission

1	**Federal Agency/Bureau**	Federal Communications Commission/Wireline Competition Bureau
2	**Program Name**	Connected Care Pilot Program
3	**Authorizing Legislation**	Telecommunications Act of 1996, 47 U.S.C. 254(h)(2)(A)
4	**Program Overview**	The FCC established a new three-year Connected Care Pilot Program, which will provide up to $100 million of support from the Universal Service Fund (USF) to help defray eligible health care providers' costs of providing connected care services and help assess how USF funds might be used to support connected care services. The Connected Care Pilot provides funding for selected pilot projects to cover 85% of the eligible costs of broadband connectivity, certain network equipment (e.g., network equipment needed to make a support broadband service functional, such as a router), and information services necessary to provide connected care services to the intended patient population. In selecting pilot projects from eligible health care providers (HCPs), the FCC maintained a strong preference for pilot projects that will primarily benefit low-income Americans or veterans. Selections for the Connected Care Pilot Program have already been announced.
5	**CFDA**	Not Applicable
6	**Program Website**	https://www.usac.org/rural-health-care/connected-care-pilot-program/
7	**Type of funding**	☐ Discretionary ☒ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not Applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):

10	**Important Dates (if applicable)**	The Connected Care Pilot Program application window closed on December 7, 2020. On January 15, 2020, the Commission announced an initial set of 14 pilot projects with over 150 treatment sites in 11 states that were selected for the Connected Care Pilot Program. The selected projects requested a total of $26.6 million for proposed projects to treat nearly half a million patients in both urban and rural parts of the country. On June 17, 2021, the Commission announced a second set, approving 36 separate applications requesting $31.3 million. On October 27, 2021, the Commssion announced a third set of projects, selecting an additional 36 applications, with requests totaling $15.3 million. On March 17, 2022, the Commission announced the fourth and final set of Pilot projects, totaling $29,752,601. All funding commitments shall end three years from the first date of service for the respective Pilot project and by not later than June 30, 2025.
12	**FY2023 Appropriations Amount**	The Connected Care Pilot Program is funded through the FCC's Universal Service Fund, rather than appropriated funds. The FCC allocated up to $100 million for the Connected Care Pilot Program. Amount Available Towards Broadband (if specified): Up to $100 million.
13	**Matching Requirement**	☐ Yes If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	The Pilot Program can be used to complement other funding from federal programs that provide funding for other connected care service related expenses that are not covered under Pilot Program funding. This can include federal program funding that would provide funding for devices, including end-user connected devices (e.g., tablets, smart phones, or remote patient monitoring equipment), medical equipment, health care provider administrative costs, personnel costs (including, but not limited to medical professional costs), or other miscellaneous expenses.
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☐ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): The Connected Care Pilot provides funding for selected pilot projects to cover 85% of the eligible costs of broadband connectivity, certain network equipment (e.g., network equipment needed to make a support broadband service functional, such as a router), and information services necessary to provide connected care services to the intended patient population.

16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable

FY23 BroadbandUSA Federal Funding Site Update

Department: Federal Communications Commission

1	**Federal Agency/Bureau**	Federal Communications Commission/Wireline Competition Bureau
2	**Program Name**	Emergency Connectivity Fund
3	**Authorizing Legislation**	American Rescue Plan Act, 2021, H.R. 1319, Pub. L. No. 117-2, 117th Cong., tit. VII, § 7402 (2021)
4	**Program Overview**	The FCC's Emergency Connectivity Fund Program (Program) provides funding for schools and libraries for the purchase, during the coronavirus (COVID-19) pandemic, of connected devices and broadband connections for use by students, school staff, and library patrons for primarily educational purposes while they are at locations other than schools and libraries. Support provided through the Program reimburses eligible schools and libraries for purchases of eligible equipment, including Wi-Fi hotspots, modems, routers, and connected devices, as well as advanced telecommunications and information services, to meet the remote learning needs of students, school staff, and library patrons who would otherwise lack access to connected devices and broadband connections sufficient to engage in remote learning during the upcoming school year. The FCC has designated the Universal Service Administrative Company (USAC) as the Administrator of the Program.
5	**CFDA**	32.009
6	**Program Website**	https://www.emergencyconnectivityfund.org/

FY23 BroadbandUSA Federal Funding Site Update

Department: Federal Communications Commission

1	**Federal Agency/Bureau**	Federal Communications Commission/Wireline Competition Bureau
2	**Program Name**	E-Rate Program
3	**Authorizing Legislation**	47 USC Sec. 254
4	**Program Overview**	The schools and libraries universal service support program, commonly known as the E-rate program, helps schools and libraries to obtain affordable broadband. Eligible schools, school districts and libraries may apply individually or as part of a consortium. Funding may be requested under two categories of service: category one services to a school or library (telecommunications, telecommunications services and Internet access), and category two services that deliver Internet access within schools and libraries (internal connections, basic maintenance of internal connections, and managed internal broadband services). Discounts for support depend on the level of poverty and whether the school or library is located in an urban or rural area. The discounts range from 20 percent to 90 percent of the costs of eligible services. E-rate program funding is based on demand up to an annual Commission-established cap.

FY23 BroadbandUSA Federal Funding Site Update

Department: Federal Communications Commission

1	**Federal Agency/Bureau**	Federal Communications Commission/Wireline Competition Bureau
2	**Program Name**	High Cost Program (including Connect America Fund, Rural Digital Opportunity Fund and 5G Fund)
3	**Authorizing Legislation**	47 U.S.C. Sec. 254
4	**Program Overview**	The federal universal service high-cost program is designed to ensure that consumers in rural, insular, and high-cost areas have access to modern communications networks capable of providing voice and broadband service, both fixed and mobile, at rates that are reasonably comparable to those in urban areas. The program fulfills this universal service goal by allowing eligible carriers who serve these areas to recover some of their costs from the federal Universal Service Fund.
5	**CFDA**	32.002
6	**Program Website**	https://www.usac.org/high-cost/
7	**Type of funding**	☐ Discretionary ☒ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not Applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☒ Other (i.e. one-time funding): Varies by support mechanism or process
10	**Important Dates (if applicable)**	Not Applicable
12	**FY2023 Appropriations Amount**	Total Amount: ~$4.17 billion disbursed in Funding Year 2022 (the FCC High Cost Program is not funded through appropriations; funding instead comes through

		contributions collected from providers of interstate and international telecommunications). Amount Available Towards Broadband (if specified):
13	**Matching Requirement**	☐ Yes If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	Not Applicable
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☐ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☐ Other: (e.g. Research and/or Evaluation, Telehealth, etc):
16	**Speed/Technical Requirement for Broadband Infrastructure**	Generally, the minimum speed requirements range from 25/3 Mbps to 1 Gbps/500 Mbps, though in certain instances, speed requirements are 10/1 Mbps, 4/1 Mbps or lower. The maximum latency is either 100ms or 750 ms with MOS of 4 or less; and the minimum usage requirement is either based on the U.S. Average or at least 2 TB.
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☐ Higher Education Institutions ☐ State Government ☐ Local Government ☐ Territorial Governments ☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Healthcare Facilities ☒ For-Profit Organizations (including Internet Service Providers) ☒ Non-Profit Organizations ☒ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☒ Other: Facilities-based providers of voice and broadband services, either fixed or mobile, that have been designated as "eligible telecommunications carriers."
18	**Criteria for Eligible Recipients**	Not Applicable
19	**Grant Beneficiaries (if different from eligible recipients)**	Eligible Telecommunications Carriers are eligible to receive High Cost support which is used to provide residences and small businesses in rural, insular, and high cost areas services that are reasonably comparable to those services provided in urban areas and that are available at rates that are reasonably comparable to rates charged for similar services in urban areas.

FY23 BroadbandUSA Federal Funding Site Update

Department: Federal Communications Commission

1	**Federal Agency/Bureau**	Federal Communications Commission/Wireline Competition Bureau
2	**Program Name**	Lifeline
3	**Authorizing Legislation**	Communications Act of 1934, as amended
4	**Program Overview**	The Lifeline program provides a discount on phone and broadband service for qualifying low-income households to ensure that all Americans have the opportunities and security that those services bring, including being able to connect to jobs, family, and emergency services.
5	**CFDA**	32.003
6	**Program Website**	https://www.usac.org/lifeline/
7	**Type of funding**	☐ Discretionary ☒ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	https://nv.fcc.gov/lifeline
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Not Applicable
12	**FY2023 Appropriations Amount**	Total Amount: Approximately $610 million was disbursed in Calendar Year 2022 (the FCC's Universal Service Programs are not funded through appropriations; funding instead comes through contributions collected from providers of interstate and international telecommunications).

		Amount Available Towards Broadband (if specified): The Lifeline program offers reimbursement to service providers for costs provided to consumers. Approximately 94% of Lifeline subscribers receive some broadband support in their service offering.
13	**Matching Requirement**	☐ Yes If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	Lifeline leverages other federal programs' eligibility determinations by allowing consumers to establish eligibility through participation in any of the following federal programs: SNAP, Medicaid, SSI, Federal Public Housing Assistance or Veterans Pension and Survivors Benefit. In addition, persons living on Tribal Lands are eligible if they, or someone in their household, are eligible for BIA General Assistance, Head Start, Tribal TANF or Food Distribution Program on Indian Reservations. Consumers may use Lifeline participation to establish eligibility for the Affordable Connectivity Program.
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☐ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☐ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): Ensuring the availability and affordability of broadband and voice service for low-income consumers, while minimizing the impact on ratepayers.
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☐ Higher Education Institutions ☐ State Government ☐ Local Government ☐ Territorial Governments ☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Healthcare Facilities ☒ For-Profit Organizations (including Internet Service Providers) ☐ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☒ Other: Providers of voice and broadband service, either wireless of wireline, designated as "eligible telecommunications carriers"

18	**Criteria for Eligible Recipients**	Consumers are eligible to receive Lifeline if their household income is 135% or less than the Federal Poverty Guidelines, or if a member of their household is eligible to participate in at least one of the following federal programs: SNAP, Medicaid, SSI, Federal Public Housing Assistance or Veterans Pension and Survivors Benefit. In addition, persons living on Tribal Lands are eligible if they, or someone in their household, are eligible for BIA General Assistance, Head Start, Tribal TANF or Food Distribution Program on Indian Reservations. See: https://www.lifelinesupport.org/do-i-qualify/
19	**Grant Beneficiaries (if different from eligible recipients)**	The intended beneficiaries of this funding are consumers in low-income households.

25	**Updated**	March 2023

FY23 BroadbandUSA Federal Funding Site Update

Department: Federal Communications Commission

1	**Federal Agency/Bureau**	Federal Communications Commission/Wireline Competition Bureau
2	**Program Name**	Rural Health Care Program
3	**Authorizing Legislation**	47 U.S.C.§ 254(h)(1)(a) - Telecom; 47 U.S.C.§ 254(h)(2)(a) - Healthcare Connect
4	**Program Overview**	The Rural Health Care (RHC) Program provides funding to eligible public or non-profit health care providers for broadband and telecommunications services necessary for the provision of health care. RHC Program support is provided on a funding year basis. The RHC Program has an annual funding cap, which is adjusted for inflation each year. The cap for funding year 2023 is $682.4 million. The RHC Program provides funding through two programs: the Telecommunications (Telecom) Program and the Healthcare Connect Fund Program. The Telecom Program, established in 1997, seeks to ensure that rural health care providers pay no more than their urban counterparts for eligible telecommunications services. Specifically, an applicant's program support is based on the difference between rural rates charged for telecommunications services in the rural area where the health care provider is located, and the urban rates charged for similar telecommunications services in the State. The rural health care provider pays only the urban rate for the telecommunications service, and the USF pays the difference between the urban rate and rural rate for the service to the service provider. The Healthcare Connect Fund Program, established in 2012, provides a flat 65% discount on an array of communications services to both individual rural health care providers and consortia, which can include non-rural health care providers (if the consortium has a majority of rural sites). These services include Internet access, dark fiber leases, business data, traditional DSL, and private carriage services, among others, along with funding for construction of health care provider-owned communications facilities. With the Healthcare Connect Fund Program, the Commission intended to promote the use of broadband services, recognizing the increasing need for rural health care providers to have access to specialists who are often located in urban areas, as well as the advent of certain communications-based trends in healthcare delivery, such as the move towards electronic health records.
5	**CFDA**	32.005
6	**Program Website**	https://www.usac.org/rural-health-care/
7	**Type of funding**	☐ Discretionary ☒ Subsidy ☐ Formula ☐ Loan or loan guarantee

		☒ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount): Discount on eligible telecommunications services.
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	https://www.fcc.gov/general/rural-health-care-program
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☐ Other (i.e. one-time funding):
10	**Important Dates (if applicable)**	Funding Year 2023: July 1, 2022 – June 2023.
12	**FY2023 Appropriations Amount**	The program is part of the FCC's Universal Service Fund and thus is not funded through the appropriations process. The funding year 2023 funding cap is $682,361,586.
13	**Matching Requirement**	☐ Yes If yes, what is the matching requirement: ☒ No ☐ Other (i.e. if match is beneficial to an application but not required):
14	**Complementary Federal Funding Option**	Not Applicable
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☐ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☐ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☒ Other: (e.g. Research and/or Evaluation, Telehealth, etc): Telehealth
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☐ Higher Education Institutions ☐ State Government ☐ Local Government ☐ Territorial Governments ☒ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☒ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions

		☐ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Individuals/Households ☒ Other: Eligible health care providers and provider consortia.
18	**Criteria for Eligible Recipients**	Eligible health care providers include: (1) post-secondary educational institutions offering health care instruction, teaching hospitals, and medical schools; (2) community health centers or health centers providing health care to migrants; (3) local health departments or agencies; (4) community mental health centers; (5) not-for-profit hospitals; (6) rural health clinics; (7) skilled nursing facilities (as defined in section 395i–3(a) of title 42 and (8) consortium of health care providers consisting of one or more entities falling into the first seven categories. In addition, eligible health care providers must be non-profit or public.

Institute of Museum and Library Services

FY23 BroadbandUSA Federal Funding Site Update

Department: Institute of Museum and Library Services

1	**Federal Agency/Bureau**	Institute of Museum and Library Services
2	**Program Name**	Grants to States Program
3	**Authorizing Legislation**	20 U.S.C. § 9141
4	**Program Overview**	The Grants to States program supports library initiatives and services to meet the needs of children, parents, teenagers, adult learners, senior citizens, the unemployed, the business community, and members of the current and future library workforce. Funds are distributed according to a population-based formula and may be used to provide access to electronic databases, computer instruction, homework centers, summer reading programs, digitization of special collections, access to e-books and adaptive technology, broadband connectivity, bookmobile service, development of outreach programs to the underserved, and related efforts. Priorities are established by each State Library Administrative Agency and are detailed in state-specific Five-Year Plans (see https://www.imls.gov/grants/grants-state/five-year-plans).
5	**CFDA**	45.310
6	**Program Website**	https://www.imls.gov/grants/grant-programs/grants-states
7	**Type of funding**	☐ Discretionary ☐ Subsidy ☒ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	Not Applicable
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☒Reissue/Renewal ☐ Other (i.e. one-time funding):

10	**Important Dates (if applicable)**	Each State Library Administrative Agency may submit a Five-Year Plan at the beginning of a five-year cycle. The current cycle is 2023-2027. Plans were due June 30, 2022
12	**FY2023 Appropriations Amount**	Total Amount:$180,000,000 Amount Available Towards Broadband (if specified):
13	**Matching Requirement**	☒ Yes If yes, what is the matching requirement: ☐ No ☒ Other (i.e. if match is beneficial to an application but not required): The amount a State receives under this program consists of a minimum allotment set by Congress (20 USC 9131 (b)) plus an additional amount based on the most current published population estimates available the first day of the federal fiscal year from the Bureau of the Census. The federal share is 66 percent and the state matching requirement is 34 percent.
14	**Complementary Federal Funding Option**	Not Applicable
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☒ Planning (e.g., feasibility, data collection, mapping) ☐ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☐ Other: (e.g. Research and/or Evaluation, Telehealth, etc):

FY23 BroadbandUSA Federal Funding Site Update

Department: Institute of Museum and Library Services

1	**Federal Agency/Bureau**	Institute of Museum and Library Services
2	**Program Name**	National Leadership Grants for Libraries
3	**Authorizing Legislation**	20 U.S.C. § 9101 et seq.; in particular, § 9162 (National leadership grants)
4	**Program Overview**	The National Leadership Grants for Libraries Program (NLG-L) supports projects that address critical needs of the library and archives fields and have the potential to advance practice and strengthen library and archival services for the American public. Successful proposals will generate results such as new models, tools, research findings, services, practices, and/or alliances that can be widely used, adapted, scaled, or replicated to extend and leverage the benefits of federal investment.
5	**CFDA**	45.312
6	**Program Website**	https://imls.gov/grants/available/national-leadership-grants-libraries
7	**Type of funding**	☒ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):

Northern Border Regional Commission

FY23 BroadbandUSA Federal Funding Site Update

Department: Northern Border Regional Commission

1	**Federal Agency/Bureau**	Northern Border Regional Commission
2	**Program Name**	State Economic & Infrastructure Development (SEID) Program
3	**Authorizing Legislation**	Not Applicable
4	**Program Overview**	The State and Economic & Infrastructure Development (SEID) Program funds economic development and infrastructure projects throughout designated counties in the NBRC's four-state service area. The NBRC provides investments to job-creating projects that help reduce poverty, unemployment, and outmigration, within 7 statutorily defined funding areas.
5	**CFDA**	90.601
6	**Program Website**	https://www.nbrc.gov/
7	**Type of funding**	☒ Discretionary ☐ Subsidy ☐ Formula ☐ Loan or loan guarantee ☐ Other (i.e. loan-grant combo; if there is a set-aside amount for certain recipients please indicate the amount):
8	**Link to application site, NOFO, FOA, or Grants.gov (if different from program website above)**	https://www.nbrc.gov/content/EID
9	**Notice of Funding Opportunity (NOFO) or Federal Opportunity Announcement (FOA) Type**	☐ Initial ☐Modification ☐Reissue/Renewal ☒ Other (i.e. one-time funding): Program availability is announced through press releases, outreach through regional and state partners and on the NBRC website.
10	**Important Dates (if applicable)**	Letters of Interest due April 2023 Applications Due June 2022
12	**FY2023 Appropriations Amount**	Total Amount: Approximately $45MM

		Amount Available Towards Broadband (if specified): Not Specified
13	**Matching Requirement**	☒ Yes If yes, what is the matching requirement: 20% of total project cost if in a Distressed County or 50% in a Transitional County (details available on NBRC website) ☐ No ☒ Other (i.e. if match is beneficial to an application but not required): Eligible applicants may request a full or partial match waiver if securing match has been impacted directly as a result of COVID-19.
14	**Complementary Federal Funding Option**	NBRC funds are able to be used as match upon mutual agreement with other Federal programs. However, NBRC funds cannot be part of a project that includes more than 80% total Federal funds.
15	**Broadband-related Program Purpose/Eligible Expenditures (check all that apply)**	☒ Planning (e.g., feasibility, data collection, mapping) ☒ Broadband Infrastructure Deployment (e.g., construction, equipment, materials) ☒ Digital Inclusion (e.g. Broadband Adoption, Devices, Public Access, Digital Skills Training, Tech Support) ☐ Other: (e.g. Research and/or Evaluation, Telehealth, etc):
16	**Speed/Technical Requirement for Broadband Infrastructure**	Not Applicable
17	**Eligible Recipients (check all that apply)**	☐ Libraries ☐ K-12 Schools ☒ Higher Education Institutions ☒ State Government ☒ Local Government ☐ Territorial Governments ☒ Tribal/Native American Government, Alaska Native Controlled Organizations, and Native Hawaiian Organizations ☐ Public Safety Entities ☐ Healthcare Facilities ☐ For-Profit Organizations (including Internet Service Providers) ☒ Non-Profit Organizations ☐ Electric Utilities/Co-ops ☐ Financial Institutions ☐ Individuals/Households ☐ Other:
18	**Criteria for Eligible Recipients**	Limited to NBRC designated Counties within Maine, New Hampshire, New York, and Vermont. Guidance available on NBRC's website.
19	**Grant Beneficiaries (if different from eligible recipients)**	Not Applicable

20	**Programmatic Resources**	https://www.nbrc.gov/content/resources
21	**Reporting Requirements**	Reporting Requirements can be found in our compliance manual which is located here: https://www.nbrc.gov/content/administration
22	**Publicly-available programmatic data**	NBRC's annual reports summarize the Commissions' activities and accomplishments. https://www.nbrc.gov/content/impact-reporting
23	**Contact information**	Please contact NBRC's Program Director Andrea Smith, Asmith@nbrc.gov for more information
